

Party FAQs

Do you have a private party room?

Our parties are held in the LaSalle Room on the 2nd floor.

How many guests can I invite?

We can accommodate up to 30 people, including kids and adults (based on availability).

Is there any age restriction?

Yes, ages four to eleven.

Is there a lifeguard on duty?

No, our party host is there to assist with the party but is not there to supervise. You need to follow our adult-to-children guidelines. We need a parent (supervisor) upstairs and down on pool levels at all times during your event.

What if we run over time limit?

We need you to follow your exact time schedule since we may have another party following yours. If you run over, a penalty fee will be assessed.

Can we rent a guest room?

Yes, you may rent a guest (sleeping) room in the hotel. You may not bring any food or beverage into the pool areas until your pool party is completely over. Only registered guests in the sleeping room can remain in the pool after party. There is a maximum per room.

Do we need a final headcount?

Yes, we will need a final head count 72 hours prior to the party so we can make any necessary adjustments on the packages. At that time, your credit card will be charged. No exceptions please. Once we have a final headcount from you and the balance has been paid, packages cannot be altered or refunded.

Do you have balloons?

Yes, we do and you can purchase them. Let your party planner know at the time of your reservation.

How about decorations?

Please make sure you take home any decorations that you bring in. We often have other parties scheduled after yours. Silly string, confetti and streamers are not allowed. **Sorry, no candles, sparklers or open flames due to fire code.**

Do you have ice cream?

Yes, we have ice cream at an additional cost. Place your order when making your reservation.

Food Policy: Can I bring in my own food?

You can always bring your own cake, but other outside food and beverages are not allowed.

Who serves the food?

You serve, we clean up.

When do I put my food order in?

We need a final head count 72 hours prior to your party in order to make sure we have it there on time. If you need to make adjustments after the final count, delivery might be adversely affected.

Deposits & Reservations

We must have a valid credit card in the host's name on file. A 50% deposit is required to place your reservation. No checks please. Deposits are refundable up to 30 days before your party. You are always welcome to reschedule one week prior to your party, provided that we have the date and time available.

If at the time of the party you have more kids than your final headcount, there will be an additional \$11 per child fee.
